.The savings under the two heads were mainly due to non-completion of the works noted below for the reasons stated against them. It was anticipated that these works would be completed and paid for before the close of the official year.

1. Providing iron racks to the Pay and Accounts Office.

The estimate was sanctioned on 21-1-1930 and a sum of Rs.651-5-0 only was paid to the contractor in March 1930. The work, expected to be completed and paid for, was almost completed, but final payment was not made, as there were certain defects to be rectified.

2. Improvements to the Public Office latrine on Residency Road.

The estimate was sanctioned on 28-2-1931 and a sum of Rs.668-6-9 only was spent on the work, as there was not sufficient time for completion of the work.

3. Providing 3 special Isolation Kennels in the Veterinary Hospital.

4. Constructing compound wall for the Veterinary Hospital.

5. Constructing a Bull shed for the Veterinary Hospital

The savings on these are due to the failure of the contractor in completing them. He was bed-ridden and was under medical treatment and his contract for works in the Bowring Civil and Lady Curzon Hospitals was terminated and Mr. E. Lewis was entrusted with the works in the Hospitals alone vide your letter No. 70/75/1929 dated 4th January 1930 and this office reply No.C.W.589 dated 15-1-1930.

2. It is requested that information on the following points may kindly be furnished urgently in order to enable th Government of India to meet probable questions and remarks by the Public Accounts Committee:-

3. Subhead E.2-Other Charges. Please explain in detail the circumstances that prevented you from anticipating and surrendering the savings that accrued under this head.

4. Subhead F.-Grants-in-Aid to Non-Government Special Schools. The Audit officer has drawn attention to a refund of Rs.842/- due to Government out of a grant to the Municipality in 1929-30. Please state if the amount has since been refunded.

1. Please state the reasons why the following savings were not surrendered in time:

2. Subhead C.-Medical Schools and colleges. The saving under this head amounted approximately to 40% of the original grant. Please say why provision could not have been more exact to requirements especially in view of the fact that the final grant for the previous year under this subhead was only Rs.1300/-.

3. D.English Charges (High Commissioner on stores). Please state why provision was not included in the budget at the very outset to meet probable expenditure and what the necessity for the provision of an extra sum of Rs.670/- under this head was.

4.

4. G.-Grants-in-Aid for Public Health purposes. An extract of the Audit officer's remarks is enclosed. Please state what action has been taken in the matter.

(b) Subhead E.3-Other Charges..... Rs.889/-

2. Subhead I.2-Other Charges. Even ignoring the saving of Rs.2277/- due to the delay in the completion of certain works, there is a net saving of Rs.1520/-. Please state why such excess provision was made and why the final savings were not foreseen and surrendered in time.

3. Subhead L.Stationery and Printing.

Please report whether any forms were indented for in 1929-30 from the Government Press, Madras; if so, what their cost was and when it was adjusted.

Under Secretary to the Government of India.

The Municipality is allowed to carry forward unexpended balances of the former grant to meet additional expenditure if any, in future years and the unexpended balance of this grant on 31st March 1930 was Rs.11,516. There was also an unexpended balance of Rs.19,491 out of the grant for the Sewage Scheme, the works relating to which, are in progress.

A further sum of Rs.2,912 was also reported as unspent balance on 31st March 1930 of a grant paid previously for a scheme for housing the poor to be adjusted after settling the claims of a contractor.

2. No remarks have been offered by the Residency Surgeon regarding the savings under 'C Medical Schools & Colleges' and 'D English Charges'.

The Residency Surgeon may perhaps see the notes in the following paragraph, made from information available in the records of this office, and offer further remarks.

3. A-4 Cost of Medicines & Diet of Patients.

Out of the modified appropriation of Rs.71,871/-, a sum of Rs.2,330/- was reserved by the Residency Surgeon for anticipated adjustments in March '30 Final towards the cost of medical stores as estimated by him on the 22nd March '30. The actual sum adjusted in March '30 Final accounts on the above account however amounted to Rs.1,269/- thus resulting in a saving of Rs.1,061/- on this item alone. As the exact amount required on account of the cost of medical stores could not be correctly estimated even so late as March 1930, the savings could not be surrendered in time.

A - 6 Other Expenses.

The amount reserved by the Residency Surgeon in March 30 for anticipated adjustments in March 30 Final was Rs.752/- but the actual amount so adjusted was Rs.398/- thus resulting in a saving of Rs.354/- which is nearly the whole of the savings to be accounted for.

A - 7 Grants-in-Aid, Contributions, etc.

The saving of Rs.289/- was due to less expenditure under charges for the maintenance of the Civil and Military Station lepers in the Mysore State Asylums. The bills of the Mysore Durbar for the maintenance charges are made out for every quarter

P.T.O.

quarter. Bills for the first two quarters of 1929-30 were received and adjusted by the 10th March '30. The Mysore Government, who were addressed to state the probable expenditure for the last quarters of 1929-30, informed the Secretary to the Hon'ble the Resident in Mysore, Bangalore on the 10th March '30 that it would amount to Rs.1,400/-. The expenditure during the last two quarters of 1929-30, adjusted in March '30 Final accounts, however amounted to Rs.1,159/- only against the anticipated expenditure of Rs.1,400/-. This mainly accounts for the savings and also explains why they could not be surrendered in time.

C - Medical Schools & Colleges.

The provision under this head was made as follows:-

1.	Stipends @ Rs.35/- per mensem for 6 months to two batches of 3 pupil nurses in each year. (vide sanction accorded in Government of India, Foreign and Political Dept. letter No. 442, dated 2-9-1927) 3 x 35 x 6.	Rs.1,260
2.	Stipend to a pupil studying in the Lady Hardinge Medical College Delhi @ Rs.60/- per mensem for 9 months based on the then existing sanction.	Rs. 540
		Rs.1,800

It will be seen from the above that the provision in the budget estimates of 1929-30 was based on the then existing sanctions. The actual expenditure under items (1) & (2) above amounted to Rs.1096/- only as shown below:-

Item (1)	Rs. 376
Item (2)	Rs. 720
	Rs.1,096

The entire saving of Rs.704/- was re-appropriated to other heads. Presumably it could not be foreseen at the time of the preparation of the budget that there would be a lack of pupil nurses for training and hence provision was based on sanctions.

D - English Charges.

The appropriation of Rs.2,670/- sanctioned during the

P.T.O.

the year was intended for the following:-

(1)	Rs.2,000/-	Stores for Hajee Sir Ismail Sait's Gosha Hospital and Bowring & Lady Curzon Hospitals.
(2)	Rs. 670/-	Cost of Fire Clay Bricks for the Bowring & Lady Curzon Hospitals.
	Rs.2,670/-	

The indent for item (2) above was made on the High Commissioner for India on the 10th October 1929 and it was presumably thought by the Residency Surgeon that the articles would be supplied and paid for in 1929-30. Hence an appropriation to meet this expenditure was obtained in 1929-30. The articles were however supplied and paid for in 1930-31 only.

The Residency Surgeon did not probably originally anticipate any expenditure on English Stores to be purchased through the High Commissioner in 1929-30 and hence did not make arrangements for inclusion of any provision in the budget estimates.

Sir,

5.IV.49 (D)

With reference to your No 3464/239-1928 dated the 13th May 1931, I have the honor to inform you that it is found to be impossible to say definitely the amount anticipated to be surrendered under A.4 and 6 for the reasons that the amount to be paid for customs duty on the goods from London and for the cost of bottles and packing materials and freight and transit charges on the drugs from the Madras Medical Stores cannot be judged as the d drugs from the Madras Medical Stores are supplied usually by small quantities at intervals till the very last date of official year..

Further the amount alloted in the Medical Budget is for the 3 Medical Institutions in this Station. The unexpected rush of patients and the necessity for providing them with proper diet and other comforts which are very necessary must upset any estimate of expenditure. In spite of such difficulties , statements showing any anticipated savings are sent whenever such statements are called for, estimating approximately the amount to meet the expenditure for drugs to be supplied by the Medical Stores and for customs duty on goods from London.

In continuation of my letter No 535/30 dated the 17th Instant I have the honor to inform you that the saving under Sub Head C Medical Schools and Colleges is due to the fact that we did not get a sufficient number of applications from General Trained Nurses during the year 1929-30.

As regards Rs 670/- an extra provision for D Englsih Charges I have the honor to inform you that at the time of the preparation of the budget estimate for 1929-30 i.e. in September 1928 , the elements were all in working order and in the month of September 1929 , the Electrician pointed out the necessity of having some more elements in readiness as spares. It was therefore thought advisable to send an indent and also to ask for this extra provision.

SIR,

Rs. 24.45 (D) With reference to your letter No. 3464/239-1928 dated 13th May 1931, I have the honour to state that the savings of Rs. 728/- under "A.6-Clothing and other supplies in the Accounts for 1929-30 is chiefly due to the Fire Engine hose, for which provision had been made in 1929-30, having been actually received in April 1930 and paid for in that year.

THE PAY & ACCOUNTS OFFICE
No 16.74
22 MAY 1931

The saving of Rs. 1,441/- under B.3-Other charges is due to the debit of the Railway Company's bill for rent of Railway quarters for the last quarter of 1929-30 having been made only in 1930-31 instead of 29-30 itself as was anticipated. The late adjustment was due to the fact that these bills were returned to the Railway Company as they contained certain discrepancies and they were received back only in 1930-31, and the debit on this account was also made in that year.

As regards III Sub-head ~~and~~ £- Stationery and Printing, Police Forms B. C. & D. were indented for from the Government Press, Madras in 1929-30 and the bill of cost on

Please refer to my U.O. letter No.P/App.131, dated 19-9-1930 requesting to furnish reasons for the savings of Rs.3,367/- in the works expenditure under 'Account II - E 2 Other Charges'.

The favour of a very early reply is requested.

U.O.Cw.444, dated 30-9-30.

Arrangements to commence work on the compound wall were made and work actually started on the 20th February 1930. As the work was of an ordinary nature, it was expected that the Contractor would complete it by the end of the official year. He however did only Rs.300/- worth of work although he had collected a large quantity of materials. As it was not considered advisable to pay on materials and as the ~~nature~~ value of work done was small, no payment was made to him. Hence the savings.

Ref:- Your No.3464/239-1928 dated 13th May 1931, to the Inspector of Schools, Bangalore, regarding appropriation --- accounts for 29-30 (copy sent to me by the Inspector for disposal).

The large savings under "Account ii Education - Sub head E.2 other charges" (constructing compound wall to the Government Training School) is due to the following reasons:-

Arrangements to commence work on the compound wall were made and work actually started on 20-2-1930. As the work was of an ordinary nature, it was expected that the Contractor would complete it by the end of the official year. He, however, did only Rs.300/- worth of work although he had collected a large quantity of materials. 25th May 1931.

To The Secretary to the Hon'ble the Resident in Mysore, Bangalore.

Forwarded.

Almost the entire savings under 'E-3 Other Charges' and 'I-2 Other Charges' relate to works expenditure as shown below:-

E-3 Other Charges.

	Modified appropriation.	Expenditure.	Savings.
Works.	Rs.13,100	Rs.12,331	Rs. 769
Other Expenditure.	Rs.10,300	Rs.10,180	Rs. 120

I-2 Other Charges.

Works.	Rs. 5,198	Rs. 3,723	Rs.1,475
Other Expenditure.	Rs. 6,000	Rs. 5,955	Rs. 45

The savings under 'E-3 Other Charges - Works' are spread over various items. The saving of Rs.1,475/- under 'I-2 Other Charges - Works' was mainly due to the non-utilisation of the sum of Rs.962/- reserved under this head by the Municipal Engineer for transfer to 'E-3 Other Charges' in connection with improvements to the Public Office latrine as the amount required was ultimately met out of the savings under 'E-3 Other Charges' itself.

The Municipal Engineer may perhaps be asked to state how the expenditure under the two heads fell short of anticipations.

Subject:- Budget - 1929-30 - Savings under B3 other charges

Reference:- Your endorsement No.2226-A-31/18-5-1931.

The savings of Rs.602/- in the budget for 1929-30 under B3-other charges was due to a saving under 'Cost price of arrack and D.D. Rum! The' expenditure under this fluctuating head could not be accurately anticipated as it depends upon consumption which is itself fluctuating.

2. The information required by the Government of India on the following points is furnished in order to enable the Government of India to meet probable questions and remarks by the Public Accounts Committee:-

Account I - Police.

(a) The savings of Rs.728/- were mainly due to less expenditure on Police Clothing (Rs.492/-) and Fire Engine Supplies (Rs.223/-) than that anticipated by the Commissioner of Police in March, 1930.

(b) The savings of Rs.1441/- under "B-3-Other charges"

S. S. were

were due to the adjustment of the Railway Company's bills for rent for Railway quarters occupied by the Railway Police, in 1930-31, instead of 1929-30 itself as was anticipated. The late adjustment was due to the fact that the bills for the 3rd quarter were returned to the Railway Company as they contained certain discrepancies and were received back and adjusted only in 1930-31.

Account II - Education.

(1) The savings of Rs.865/- under the sub-head "Account II - Education - B - Grants-in-Aid to Non-Government secondary schools" were due to the following:-

In March 1929 a grant of Rs.1,511-8-0 was sanctioned towards certain extensive repairs to St. Agnes Poor School, the grant to be paid as and when funds permit. As it was expected that a part of the work would be done before the end of the year 1929-30 a sum of Rs.865/- was reserved for the payment of the grant. The work was not however undertaken by the management and it was too late to surrender the amount.

(2) & (4). Sub-head B - Grants-in-Aid to Non-Government Primary Schools and Sub-head F. Grants-in-Aid to Non-Government Special Schools.

The unspent balances referred to by the Audit Officer amounted to Rs.11,161/- as shown below:-

		Rs.
Sub-Head-B.	..	10,319
Sub-Head-F.	..	842
		11,161

The above sums were refunded to Government by deduction from the grants paid for 1930-31.

(3) Sub-head E. 2 - Other charges.

Arrangements to commence the construction of the compound wall for the Government Training School were made

and

and the work was actually started on the 20th February 1930. As the work was of an ordinary nature, it was expected that the Contractor would complete it by the end of the official year. He, however, did only Rs.300/- worth of work although he had collected a large quantity of materials. As it was not considered advisable to pay on materials and the value of work done was small, no payment was made to him. Hence the savings.

Account III - Medical & Public Health.

1. (a). Sub-head A.4 - Cost of medicine and diet of patients - Rs.1,567/-.

Out of the modified appropriation of Rs.71,871/-, a sum of Rs.2,330/- was reserved by the Residency Surgeon for anticipated adjustments in March 1930-Final towards the cost of medical stores as estimated by him on the 22nd March 1930. The actual sum adjusted in March 1930-Final accounts on the above account however amounted to Rs.1,269/- thus resulting in a saving of Rs.1,061/- on this item alone. As the exact amount required on account of the cost of medical stores could not be correctly estimated even so late as March 1930, the savings could not be surrendered in time.

(b) Sub-head A - 6 - Other expenses. Rs.388/-.

The amount reserved by the Residency Surgeon in March 1930 for anticipated adjustments was Rs.752/- but the actual amount so adjusted was Rs.398/- thus resulting in a saving of Rs.354/- which is nearly the whole of the savings to be accounted for.

(c) Sub-head A. 7 - Grants-in-Aid Contributions etc. Rs.289/-.

The saving of Rs.289/- was due to less expenditure under charges for the maintenance of the Civil and Military Station lepers in the Mysore State Asylum. The bills of the Government of Mysore for the maintenance charges are made out for every quarter. Bills for the first two quarters of 1929-30 were received and adjusted by the 10th March 1930. The Government of Mysore who were asked to state the probable expenditure for the last two quarters of 1929-30, informed this Residency on the 10th March 1930 that it - - would amount to Rs. 1,400/-. The expenditure during the last

last two quarters of 1929-30, adjusted in March 1930-Final accounts, however, amounted to Rs.1,159/- only against the anticipated expenditure of Rs.1,400/-. This mainly accounts for the savings and also explains why they could not be surrendered in time.

2. Sub-head C - Medical Schools and Colleges.

The provision under this head was made as follows:-

	Rs.
(1) Stipends at Rs.35/- per mensem for 6 months to two batches of 3 pupil nurses in each year. 3 x 35 x 6 x 2.	1,260/-
(2) Stipend to a pupil studying in the Lady Hardinge Medical College, Delhi at Rs.60/- per mensem for 9 months based on the then existing sanction.	540/-
	1,800/-

It will be seen from the above that the provision in the budget estimates of 1929-30 was based on the then existing sanctions. The actual expenditure under items (1) and (2) above amounted to Rs.1,096/- only as shown below:-

Item (1)	..	Rs.376/-
Item (2)	..	Rs.720/-
		Rs.1096/-

The entire saving of Rs.704/- was reappropriated to other heads. It could not be foreseen at the time of the preparation of the budget that there would be a lack of pupil nurses for training and hence provision was based on sanctions.

3. D. English charges (High Commissioner on Stores).

The appropriation of Rs.2,670/- sanctioned during the year was intended for the following:-

(1) Rs.2,000/- stores for Hajee Sir Ismail Sait's Gosha Hospital and Bowring and Lady Curzon Hospital.

(2) Rs. 670/- cost of Fire Clay Bricks for the Bowring and Lady Curzon Hospitals.

The indent for item (2) above was made on the High Commissioner for India on the 10th October 1929 and it was thought by the Residency Surgeon that the articles would be

be supplied and paid for in 1929-30. Hence an appropriation to meet this expenditure was obtained in 1929-30. The articles were however supplied and paid for in 1930-31 only. The Residency Surgeon did not originally anticipate any expenditure on English Stores to be purchased through the High Commissioner in 1929-30, and hence did not make arrangements for inclusion of any provision in the budget estimates.

C. Grants-in-Aid for public health purposes.

4. A monthly statement showing the expenditure incurred by the Municipal Commission, Civil & Military Station, Bangalore from special grants paid by Government, is obtained and the progress of expenditure is watched by this Residency. The President, Municipal Commission who was addressed in the matter states that the sewage scheme and other works are still in progress.

The unspent balance of Rs.2,912/- under the grant paid previously for a scheme for housing the poor will be adjusted after the appeal in the suit filed by Contractor against the Municipal Commission is decided.

Account IV - Other Expenditure heads.

(a) Sub-head B. 3 - Other charges. Rs.602/-.

The savings of Rs.602/- in the budget for 1929-30 under "B.3-Other charges" was due to a saving under "Cost price of arrack and D.D.Rum". The expenditure under this fluctuating head could not be accurately anticipated as it depends upon consumption which is itself fluctuating.

(b) Sub-head E. 3 - Other charges. Rs.889/-.

Almost the entire savings under 'E.3 - Other charges' relate to works expenditure as shown below:-

E. 3 - Other charges.

	Modified appropriation. Rs.	Expenditure. Rs.	Savings. Rs.
Works.	13,100	12,331	769
Other expenditure.	10,300	10,180	120

The savings under "Works" were mainly due to non-completion of the works noted below:-

(1) Providing iron racks to the Pay and Accounts Office.

(2) Improvements to the Public Office latrine on Residency Road.

As the works were not completed in time and there were certain defects to be rectified, the bills were not paid in full by the Municipal Executive Engineer.

2 Sub-head I. 2. - Other charges.

The savings under I.2-Other charges relate to works expenditure as shown below:-

I. 2 - Other charges.

	Modified appropriation. Rs.	Expenditure. Rs.	Savings. Rs.
Works.	5,198	3,723	1,475
Other expenditure.	6,000	5,955	45

The savings under works are due to the failure of the contractor in completing them in time. This could not be anticipated and surrendered in time.

3. Sub-head - L - Stationery and Printing.

Police Forms B. C. D. were indented for from the Government Press, Madras in 1929-30 but as the supply was actually received on several dates during 1930-31 the bill of cost on account of them for a sum of Rs.2,230/2/- was adjusted in 1930-31.
